VIDEO KIT WITH DOOR ENTRY MONITOR 7 PLUS

A single-family kit consisting of a wall-mounted entrance panel already fitted with a rain shield and a 7" hands-free door entry monitor 7 Plus series with soft-touch buttons, 2-wire system.

The door entry monitor allows the recording of 100 images, this number is expandable with the addition of a micro-SD card to be purchased separately.

It is possible to control the 2 outputs on the entrance panel via 2 different buttons on the door entry monitor.

The system is expandable with a second door entry monitor art. G116V, and its power supply art. G116A, to be purchased separately. The addition of the second door entry monitor makes the intercom function available.

The kit is supplied ready for use and complete with all the accessories required for installation.

Suitable for installation in residences, businesses or offices.
