

SKYHAWK HEALTH

Smart. Safe. Secure.
Seagate surveillance-optimized storage

SkyHawk Health Management¹

Actively protect your surveillance footage.

Seagate® SkyHawk™ Health Management (SHM) is designed for Hikvision systems with NVR 4.0 OS, and goes beyond industry standard S.M.A.R.T. testing to provide in-depth analysis with prevention and intervention in mind. SHM analytic algorithms analyze various drive parameters and provide users with firsthand drive health information. SHM software works with Skyhawk and SkyHawk AI 4TB and above.

Prevention

Software monitors environmental and usage conditions, and recommends preventative actions if necessary.

Intervention

Adaptive algorithms analyze hundreds of critical drive health parameters related to overall performance and reliability.

Recovery

Access to optional Seagate Rescue Data Recovery Services ensures a secure environment in the event of failure.

SKYHAWK
HEALTH

Smart. Safe. Secure.
Seagate surveillance-optimized storage

Delivering Best-in-class NVR-optimized hard drives built for surveillance

Features	SkyHawk and SkyHawk AI 3.5-inch
 Hikvision NVR 4.0 Systems	I-series, Super NVR, and DeepInMind NVR
 SkyHawk Health Capacity	4TB, 6TB, 8TB, 10TB, 12TB, 14TB, 16TB
 Firmware	ImagePerfect™
 Rotational Vibration Sensors	Yes
 Power-On Time	24x7
 Application	NVRs and DVRs
 Bay Support	16+ drives ²
 Push Notification Support	NVR OS 4.0 (ver 4.21 and above) via Hik-connect App (ver 3.8 and above) on Android and iOS ³
 Data Recovery	Optional
 Limited Warranty	3 years

² Based on drive specs.
³ Overseas markets only.

ImagePerfect and SkyHawk are either trademarks or registered trademarks of Seagate Technology LLC or one of its affiliated companies in the United States and/or other countries. All other trademarks or registered trademarks are the property of their respective owners. When referring to drive capacity, one gigabyte, or GB, equals one billion bytes and one terabyte, or TB, equals one trillion bytes. Your computer's operating system may use a different standard of measurement and report a lower capacity. In addition, some of the listed capacity is used for formatting and other functions, and thus will not be available for data storage. Seagate reserves the right to change, without notice, product offerings or specifications. SC619.2-1906US, June 2019

The Combined Advantage of
Seagate and Hikvision is Protection

SkyHawk 3.5-inch hard drive

SkyHawk Health Management

Actively protects your Hikvision NVR.

Prevention

Monitors various factors (e.g., temperature, shock, vibration) in order to deliver a superior surveillance experience.

Intervention

Recommends diagnostics and backups ahead of potential catastrophic data loss events.

Recovery

When disaster strikes, Seagate has optional industry-leading, in-house data recovery services.
